EDUCATION

The University of Texas at Austin – McCombs School of Business <i>Master of Science, Business Analytics</i>	2025 - 2026 Austin, USA
IMT Ghaziabad <i>Master in Business Administration</i> Exchange semester at Kedge Business School, France	2018 - 2020 Ghaziabad, India
MIT College of Engineering <i>B.E. Information Technology</i>	2012 - 2016 Pune, India

EXPERIENCE

Accenture Strategy

Management Consultant, India

Jun 2022 – Jun 2025

- Developed predictive revenue models and Tableau dashboards consolidating multi-source financial and operational data for a U.S. gaming firm; improved forecasting accuracy by 25% and uncovered \$3M+ incremental revenue
- Automated ETL workflows integrating SQL pipelines and VBA scripts, reducing reporting latency from 20 hours to <15 minutes, enabling real-time workforce utilization analytics for 10,000+ employees
- Applied cluster analysis and adoption metrics to design change analytics dashboards for 10+ global clients; identified user segments with <50% engagement, driving targeted interventions that improved adoption by 18%

Management Consulting Analyst, India

Feb 2022 – May 2023

- Directed a global team of 1000+ and built real-time analytics monitoring system for global cloud migration (7,000+ customers, 14 data centers); implemented downtime prediction metrics, achieving 0% disruption across data transfers
- Conducted market entry modeling for a Fortune 500 electronics firm; applied conjoint analysis of consumer behavior data and SME insights to prioritize 2 ASEAN markets and finalize product portfolio for the electric utility segment

Hexaware Technologies – Cloud Manager, India

Sep 2020 – Feb 2022

- Developed global revenue intelligence dashboards by merging CRM and pipeline datasets; applied correlation analysis to identify high-conversion opportunities and reallocate \$5M toward high-growth accounts
- Built presales data models and pricing simulations for 15+ RFP/RFI responses (deal size \$500K–\$4M across US, EMEA and APAC); standardized solutions improved win-rate, reduced bid cycle by 30%, and drove \$10M in new pipeline revenue

Infosys – Systems Engineer, India

Aug 2016 – Apr 2018

- Enhanced client's data processing systems, cutting response times by 200% using optimized Python and SQL queries and enabling faster delivery of insights for business-critical decision-making, which strengthened client relationships
- Designed and delivered analytics capability training for 50+ employees, boosting technical proficiency and improving delivery efficiency by 15%, which reduced reliance on senior resources and improved project scalability

ACADEMIC PROJECT

- Built an NLP-driven recommender using BERTopic, RoBERTa sentiment modeling, and BERT entity recognition on 2,500+ Reddit posts to identify which LLMs perform best for specific user tasks across 10+ AI platforms; enhanced classification precision and use-case mapping efficiency by 20%.
- Visualized topic clusters, sentiment trends, and model-use-case mappings through interactive dashboards and correlation heatmaps, enabling side-by-side comparison of LLM performance metrics and reducing insight-generation time by 40%

INTERNSHIP

Intel Corporation – Marketing Intern, India

April 2019 – May 2019

- Conducted competitor analysis and 20+ CIO/ITDM interviews to extract data-driven insights that informed Intel's enterprise messaging; supported planning of the Data-Centric Innovation Summit engaging 300+ C-suite leaders.

TECHNICAL SKILLS

- Software:** R, Python (numpy, pandas, sklearn, matplotlib), SQL, Tableau, VBA, Snowflake, Power BI, JIRA, Confluence
- Certifications:** Tableau, AWS Cloud Solutions Architect, AWS Cloud Practitioner, Certified Scrum Master
- Techniques:** Regression (Linear/Logistic), Random Forest, PCA, KNN, K-Means, Feature Engineering, Machine Learning, Neural Networks
- Managerial:** Pre-Sales, RFP/RFI, Cloud Consulting, Strategy Consulting, Change Management, Business Development
- Interests:** Travel enthusiast (travelled across 30+ countries), Reading, Painting, Hula-loop
